

Wilmer

Your single source for healthcare office products

On-Call

Wilmer
Rx
Program

Keeping healthcare offices highly organized, efficient, and compliant with ever-changing regulations requires reliability, affordability and availability.

Healthcare
SELECT

Wilmer's Healthcare Select product line offers the most complete selection of in-demand products and supplies – from **Color-Coded Labeling Systems and Folders**, to compliant **Rx Pads, ADA, UB04 and CMS/HCFA Claims Forms**. You can rely on Wilmer to provide competitive pricing, superior quality, and fast, reliable delivery and service with every order. Everything your customers (and you) need to grow with the growing healthcare industry.

Meeting the demand for quality and price, plus all the required security features

Staying ahead of changing and increasing regulations is a top priority at Wilmer. We continue to develop up-to-date prescription pad products that utilize the latest technology and security features, such as red thermochromic ink, and our tamper-resistant prescription pads exceed Medicaid's security feature requirements. Wilmer Rx products are available in a **range of size, color and minimum quantity options**. Our **consistent program pricing** makes Wilmer Rx products even more attractive to busy and budget-minded customers.

Preventing fraud and abuse across the country

As an approved Security printer for prescription pads, books and laser sheets, Wilmer does it's part in the fight against prescription drug abuse and fraud by offering scripts that are compliant with state guidelines. We are an approved printer in California, Delaware, Florida, Indiana, Kentucky, Maine, New Jersey, New Jersey, Washington state, West Virginia, and Wyoming. Our Rx pads and products are guaranteed compatible with Federal regulations for prescription format and meet or exceed State and Medicaid security features (except New York).

Invisible Fluorescent Fibers
Fibers cannot be photocopied and are visible only under a UV light.

Preprinted Prescriber Information
Physician's name, address and license number is imprinted on the pad to prevent fraud during the mailing process.

Chemical Protection Paper
A stain will appear where attempts are made to chemically alter the prescription form.

Reverse Rx
Rx symbol drops out when photocopied to appear white.

Quantity Check Off Box
Designate the units referenced in the quantity boxes when the drug is not in tablet or capsule form.

Thermochromic Ink
The Rx symbol disappears with hot breath or when rubbed briskly with finger. It will disappear when photocopied.

Blue or green background on white paper
Will inhibit a forger from physically erasing written or printed information.

Watermark printed in coin reactive ink
When rubbed with a coin, words "SECURITY PRESCRIPTION" change color.

Security Features Listed on Back
Advises recipient of the security features on pad. Allows recipient to verify and report if the features do not match the listing.

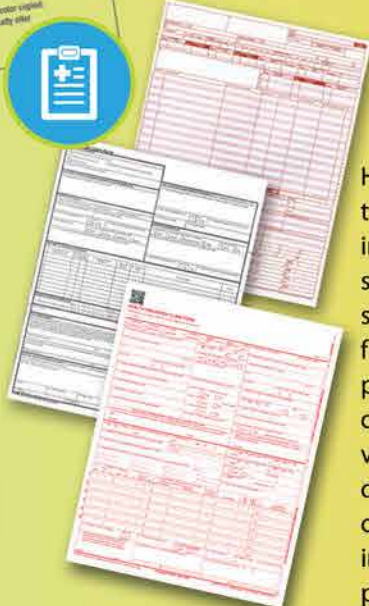

Artificial Watermark on Back
When held at an angle, words "SECURITY PRESCRIPTION" appear and cannot be reproduced.

Microprinting
A magnifying glass must be used to read the "original document" printed within the line. When copied or scanned, the lines become solid.

Scallop Void Pantograph
Repetitive VOID appears across face when color copied.

- Rx logo disappears or changes color temporarily with hot breath or when rubbed briskly with finger.
- The face of this document has a blue background on white paper.
- Security Pre-emptive watermark on back.
- Repetitive VOID pattern appears across face when color copied.
- Words appear where attempts are made to chemically alter the prescription.
- Microprinting in header area.

Claim Forms – quality and compliance in one

Healthcare providers want Claim Forms that are high in quality, performance, and in strict compliance with government specifications to ensure acceptance when submitted. Wilmer delivers on all three fronts. Our ADA dental forms, CMS 1500 physician claim forms and UB04 hospital claim forms (available in old and new versions) are produced on the highest quality paper, printed in OCR red drop-out ink to ensure smooth processing, and in strict compliance with government printing specs, guaranteed.

Improve office efficiency and patient experience

On-Call

Quality patient care – and a profitable practice – relies on an organized front office and effective patient flow

884.7 million visits

to physicians annually in the U.S., according to the latest statistics from the National Center for Health. Wilmer healthcare office solutions can provide more efficient patient flow to meet this overwhelming demand

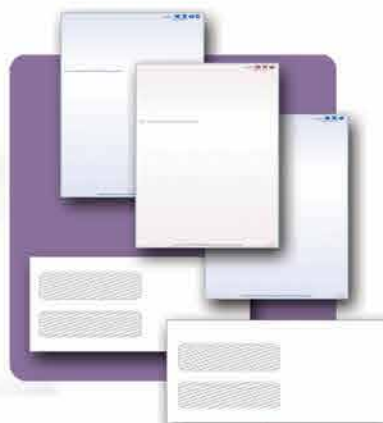

Medical billing statements – go from “blah” to Blue or Burgundy! Who says billing statements need to be bland? Wilmer’s general purpose billing forms are available in Blue or Burgundy to bring attention, style and professionalism to ordinary documents. Compatible window envelopes also available. Our quality forms are printed on 8.5”x11” 20# white laser bond with micro-perforation for ease of printing, opening, and remittance, with choice of preprinted “We accept M/C and Visa” or “We accept M/C, Visa and Discover”, and a third version is “We accept M/C, Visa, Discover, AmEx” on the front and change of address/insurance backprint.

Don't forget the envelopes

From standard, compatible to custom, Wilmer offers a broad range of envelopes needed by healthcare offices for claims, billing and more. We carry standard sizes, booklet, pre-inserted, no window, single or double window, self seal or gummed adhesive, plain or printed, even custom printed up to four colors! Mix and match colors and envelopes to get exactly what you want.
