W-FACEMASK

100% Cotton Face Masks

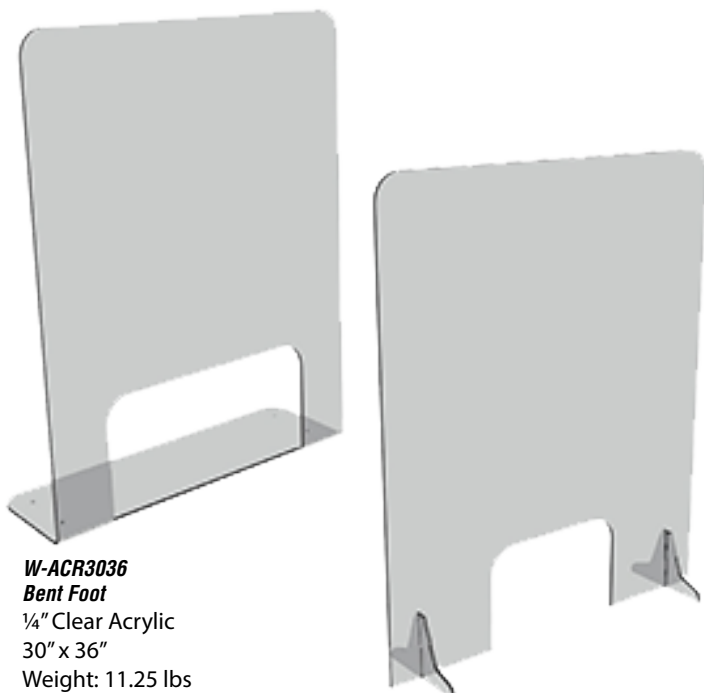

The CDC is now recommending that individuals wear cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), especially in areas of significant community-based transmission.

- Pleated cotton cloth face mask covers nose and mouth
- Elastic straps loop around the ears to secure the mask
- Washable materials allow for cleaning and sanitizing
- These pair well with Disposable Face Mask Hooks
