

NEW!

EPOLY!

A new organizational tool to keep documents in a secure, protective place.

EPOLY is crafted from polypropylene, a resilient material renowned for its tear, wear, and stain-resistant properties, and is virtually odorless.

EPOLY's robust construction exudes of quality and value, ensuring longevity in every use. Employing cutting-edge print technology such as pad printing, silk screening, and heat transfers for 4-color process (available on select items). We customize each piece, offering customers a distinctive branded specialty that leaves a lasting impression.
