- ✓ Washington Department of Health approved

**NEW!**

**Medical Marijuana Authorization Form**

This authorization does not provide protection from arrest unless the qualifying patient or designated provider is also entered in the medical marijuana authorization database and holds a recognition card.

**Patient Information and Attestation**

I, \_\_\_\_\_, have discussed the risks and benefits of the medical use of marijuana with my healthcare practitioner. I understand that my use of marijuana may include possible long-term effects to the brain in the areas of memory, coordination, and ability to drive or operate heavy machinery, physical or psychological dependence, and I understand that I may revoke my designated provider (if applicable) at any time by writing to the WA RCW and understand the legal requirements of being a patient.

Date: \_\_\_\_\_

**Designated Provider Information and Attestation (If any - Mark N/A in each box if not applicable)**

I, \_\_\_\_\_, am over the age of 21 and agree to serve as the designated provider for the patient named above. I have discussed the risks and benefits of the medical use of marijuana with the patient and understand the legal requirements of being a designated provider. I have performed an in-person examination of the patient and assessed his or her medical history and medical condition. I have advised this patient about the potential risks and benefits of the medical use of marijuana. It is my professional opinion that this patient may benefit from the medical use of marijuana.

Signature: \_\_\_\_\_ Issue Date: \_\_\_\_\_

Authorization Expiration Date: (Maximum from issue date of six months for minors and one year for adults)

**Additional Patient Authorization (Optional)**

This provision is valid only if the person is entered into the authorization database and possesses a recognition card. A second signature is required if authorizing additional plants. Authorization must not exceed 15 plants.

Healthcare Practitioner Attestation: In my professional opinion, the medical needs of this patient exceed the presumptive number of plants allowed by law (4 plants with just an authorization form or 6 plants if entered in the database). I recommend this patient or their designated provider be allowed to grow up to \_\_\_\_\_ plants for the patient's personal use.

Healthcare Practitioner Signature: (second signature only required if recommending additional plants)

DOH 620-123 July 2017 Medical Marijuana Program | www.doh.wa.gov/medicalmarijuana

- Minimum order of 500 sheets
- Stocked in Ontario, CA for quick delivery
- Full Laser sheet 8 1/2" x 11"

\*One of the most popular security features, the hidden message VOID technology, is also the most likely to fail. Manufacturers of the VOID can't keep up with the ever changing copier and scanner technology in today's world. That's why Wilmer layers on the security in our check and prescription pad stock to eliminate the ease of copying our products and leaving your customer at risk for counterfeiting. One of the best security features is the thermochromic ink that you can find on many of our stock products. This fades with heat and is impossible to copy. For more information regarding our security features, contact your local sales rep. For best results, the recommended colors are PMS 281 Blue, PMS 249 Plum, PMS357 Green or PMS 175 Brown. The best pantographs to use are the 933 Camo or the 008 Scallop Voids
